Career Objective

Passionate and motivated Software Developer with a strong interest in designing, developing, and delivering reliable software solutions using modern full-stack technologies. Eager to apply strong programming, problem-solving, and application development skills in a professional environment while continuously learning and contributing to impactful projects.

Technical Skills

Programming Languages: Java, C, Python, JavaScript

Frontend: HTML5, CSS3, JavaScript, React.js, Bootstrap

Backend: Java, Spring Boot, Node.js

Database: MySQL, MongoDB

API: REST API, RESTful Web Services

Version Control: Git, GitHub

Projects

E-Commerce Website

Frontend — 2026

- Developed a responsive e-commerce website using HTML5, CSS3, JavaScript, React.js, and Bootstrap.
- Built reusable React components for product listings, product details, shopping cart, and user-friendly navigation.
- Implemented responsive layouts and interactive features to provide a smooth and consistent user experience across devices.

Employee Management System

Backend — 2026

- Developed a backend application using Java and Spring Boot to manage employee records and information.
- Designed and implemented RESTful APIs for creating, retrieving, updating, and deleting employee records.
- Integrated MySQL database with Spring Boot for persistent data management and tested API functionality for reliable application performance.

Interpersonal Skills

- Problem Solving
- Logical Thinking
- Team Collaboration
- Communication
- Quick Learning
- Adaptability
- Time Management

Education

Bachelor of Technology (B.Tech) – Biotechnology

2021 – 2025

Kalasalingam Academy of Research and Education

Certifications & Training

Java Full Stack Development – Chennai

2026

Python Programming Language – Viruthunagar

2024

Declaration
